ιH	<b>MEDIA</b>	A.c.	Safety data sheet(SDS)		
		AC	cording to Regulation (EC) No.1907/2006		
			Revision : 00000		
			Date of Revision : 22.02.2018		
1	Identification of the substances/ mixture and of the company/ undertaking				
1.1	Product Identifiers				
	Product Number	AL528			
	Product Name	HiMelanoXL <sup>™</sup> Melanocyte Expansion M	ledium		
		w/L-Glutamine and Sodium bicarbonate			
		w/o PMA			
		Part A: HiMelanoXL™ Melanocyte Expan	sion Medium, Basal		
		Part B: HiMelanoXL™ Melanocyte Growt	h supplement		
1.2	Relevant identified uses of the substance or mixture and uses advised against				
1.2.1	Relevant identified uses	Laboratory chemicals, Manufacture of su	lbstances		
1.3	Details of the supplier of the safety data sheet				
	Produced by	HiMedia Laboratories Private Limited			
	Address	23, Vadhani Industrial Estate, LBS Marg,	Ghatkopar (W), Mumbai - 400 086		
		India			
	Tel. No.	+91-22-2500 0970, +91-22-2500 1607	Fax No. : +91-22-25002468		
	Mail Id	info@himedialabs.com	Website : www.himedialabs.com		
1.4	Emergency Tel. No.				
	Emergency Tel. No.	Please contact the regional HiMedia rep	resentation in your country		

## 2 Hazards Identification

# 2.1 Classification of the substance or mixture *CLP Classification-Regulation (EC) No. 1272/2008[EU-GHS/CLP]*

Not a hazardous substance or mixture according to Regulation (EC) No.1272/2008

# 2.2 Label elements

# Labeling according to Regulation (EC) No.1272/2008

The product does not need to be labelled in accordance with EC directives or respective national laws.

### 2.3 Other Hazards

None

# 3 Composition/Information On Ingredients

No components need to be disclosed according to the applicable regulations.

### 4 First Aid Measures

# 4.1 Description of first aid measures

General advice Show this safety data sheet to the doctor in attendance. If inhaled

In case of skin contact         Wash off with scap and plenty of water. If skin irritation occurs,get medical advice/attention.         In case of eye contact         Rinse out with plenty of water with the eyelid held wide open. If eye irritation persists, get medical advice/attention.         If swallowed         Rinse mouth with water. Consult a physician if feeling unwell.         4.2       Most important symptoms and effects, both acute and delayed         The most important known symptoms and effects are described in the labeling (see section 2.2) and/or in section 11.         4.3       Indication of immediate medical attention and special treatment needed         No data available       No data available         S         5. Fire Fighting Measures         5.1 Extinguishing media         Suitable extinguishing media         Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide.         Unsuitable extinguishing media         S         Systepia hazarda arising from the substance or mixture         Nature of decomposition products unknown         S         Systepia hazarda arising from the substance or mixture         Nature of decomposition products unknown         S         Sela h		If breathed in, move person into fresh air. Consult a physician.
In case of yee contact         Rinse out with plenty of water with the eyelid held wide open. If eye irritation persists, get medical advice/attention.         If swallowed         Rinse mouth with water. Consult a physician if feeling unwell.         4.2       Most important symptoms and effects, both acute and delayed         The most important known symptoms and effects are described in the labeling (see section 2.2) and/or in section 11.         4.3       Indication of immediate medical attention and special treatment needed         No data available       No data available         5       Fire Fighting Measures         5.1       Extinguishing media         Suitable extinguishing media         Use extinguishing media         Use extinguishing media         2.5       Special hazards arising from the substance or mixture         Nature of decomposition products unknown         5.3       Further information         Wear self-contained breathing apparatus for firefighting if necessary.         6       Accidental Release Measures         6.1       Personal protective equipment and emergency procedures         Use personnel protective equipment and emergency procedures         Use personnel protective equipment.         6.2       Extrimonental precautions, repotective equipment and emergency procedures         Use personnel protectiv		•
Rinse out with plenty of water with the eyelid held wide open. If eye irritation persists, get medical advice/attention.         If swallowed         Rinse mouth with water. Consult a physician if feeling unwell.         4.2       Most important symptoms and effects, both acute and delayed         The most important known symptoms and effects are described in the labeling (see section 2.2) and/or in section 11.         4.3       Indication of immediate medical attention and special treatment needed         No data available       No data available         5       Fire Fighting Measures         5.1       Extinguishing media         Suitable extinguishing media         S.2       Special hazards arising from the substance or mixture         Nature of decomposition products unknown         S.3       Precautions for fire-fighters         No data available.       No data available.         S.4       Further information         Wear self-contained breathing apparatus for firefighting if necessary.       Second precautions. Avoid dust formation. For personal protective equipment and em		
if swallowed         Rinse mouth with water. Consult a physician if feeling unwell.         4.2       Most important symptoms and effects, both acute and delayed         The most important known symptoms and effects are described in the labeling (see section 2.2) and/or in section 11.         4.3       Indication of immediate medical attention and special treatment needed No data available         5       Fire Fighting Measures         5.1       Extinguishing media         9       Suitable extinguishing media         9       Use extinguishing media         9       Use extinguishing media         9       Special hazards arising from the substance or mixture         Nature of decomposition products unknown       Nature of fire-fighters         8       No data available.         5.3       Precautions for fire-fighters         No data available.       No data available.         5.4       Further information         Wear self-contained breathing apparatus for firefighting if necessary.         6       Accidental Release Measures         6.1       Personal precautions, protective equipment and emergency procedures         Use personnel protective equipment. Wear disposable gloves, dust mask and eye protection. Avoid dust formation. For personal protection see section 8.         6.2       Envinonmental precautions <tr< th=""><th></th><th></th></tr<>		
All Section Section 2.2         All Section 2.2         Anot important symptoms and effects, both acute and delayed         The most important known symptoms and effects are described in the labeling (see section 2.2) and/or in section 11.         All Section 11.         All Section 11.         Indication of immediate medical attention and special treatment needed         No data available         Section 2.2         Section 2.2         Section 2.2         Section 2.2         And Comment 2.2         Section 2.2         Section 2.2         Section 2.2         No data available		
<ul> <li>4.2 Most important symptoms and effects, both acute and delayed The most important known symptoms and effects are described in the labeling (see section 2.2) and/or in section 11.</li> <li>4.3 Indication of immediate medical attention and special treatment needed No data available</li> <li>5 Fire Fighting Measures</li> <li>5.1 Extinguishing media Suitable extinguishing media Use extinguishing measures that are appropriate to local circumstances and the surrounding environment. Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide. Unsuitable extinguishing media</li> <li>5.3 Special hazards arising from the substance or mixture Nature of decomposition products unknown</li> <li>5.3 Precautions for fire-fighters No data available.</li> <li>5.4 Further information Wear self-contained breathing apparatus for firefighting if necessary.</li> <li>6 Accidental Release Measures</li> <li>6.1 Personal precautions, protective equipment and emergency procedures Use personnel protective equipment. <ul><li>7 Handling and Storage</li><li>7.1 Precautions for safe handling</li></ul>	6.4	Reference to other sections
7.1 Precautions for safe handling		For disposal see Section 13.
7.1 Precautions for safe handling		
•		
	7.1	Avoid contact with skin and eyes. Avoid formation of dust and aerosols. Provide appropriate exhaust

ventilation at places where dust is formed. For precautions see section 2.2.

#### 7.2 Conditions for safe storage, including any incompatibilities

Store in cool place. Keep container tightly closed in a dry and well-ventilated place. Containers which are opened must be carefully resealed and kept upright to prevent leakage. Recommended Storage Temperature : Part A: store between 2-8°C

Part B: store between -5 to -20°C

#### 7.3 Specific end uses

Apart from the uses mentioned in section 1.2 no other specific uses are stipulated.

#### 8 **Exposure Controls/Personal Protection**

#### 8.1 **Control parameters**

Components with workplace control parameters

#### 8.2 **Exposure controls**

#### Appropriate engineering controls

Handle in accordance to general industrial hygiene and safety practice. Wash hands before breaks and immediately after handling the products.

#### Personal protective equipment

#### Hygiene measure

Avoid contact with skin, eyes and clothing. Immediately change contaminated clothing.

#### Eye/face protection

Safety glasses with side-shields conforming to EN 166 Use equipment for eye protection tested and approved under appropriate government standards such as NIOSH (US) or EN 166 (EU).

## Skin protection

The selected protective gloves have to satisfy the specifications of EU Directive 89/686/EEC and the standard EN 374 derived from it. Handle with gloves. Gloves must be inspected prior to use. Use proper glove removal technique (without touching glove's outer surface) to avoid skin contact with this product. Dispose contaminated gloves after use in accordance with applicable laws and good laboratory practices. Wash and dry hands.

#### **Body protection**

Impervious clothing The type of protective equipment must be selected according to the concentration and amount of the dangerous substance at the specific workplace.

### **Respiratory protection**

For nuisance exposures use type P95 (US) or type P1 (EU EN 143) particle respirator. For higher level protection use type OV/AG/P99 (US) or type ABEK-P2 (EU EN 143) respirator cartridges. Use respirators and components tested and approved under appropriate government standards such as NIOSH (US) or CEN (EU).

#### Environment exposure controls

Do not let product enter drains.

#### 9 Physical and chemical properties

#### 9.1 Information on basic physical and chemical properties

Part A: Light pink coloured clear solution Part Appearance B: Pale yellow coloured hazy solution Odour No data available **Odour Threshold** No data available No data available pН No data available Melting/freezing point Initial boiling point and boiling range No data available Flash point No data available

Upper/lower flammability or explosive limitsNEvaporation rateNFlammability (Solid, gas)NVapour pressureNRelative densityNPartition coefficient: n-octanol/waterNAutoignition TemperatureNDecomposition TemperatureNViscosityNExplosive propertiesNOxidizing propertiesNVapour densityNThermal decompositionN

No data available No data available

# 9.2 Other safety information

No data available

10

**Stability and Reactivity** 

-	
10.1	Reactivity
	No data available
10.2	Chemical stability
	Stable under recommended storage conditions.
10.3	Possibility of hazardous reactions
	No data available
10.4	Conditions to avoid
	No data available
10.5	Incompatible materials
	No data available
10.6	Hazardous decomposition products
	None under normal use conditions. Other decomposition products. No data available. In event of fire - refer section 5

# 11 Toxicological Information

11.1 Information on toxicological effects

## Acute toxicity

No data available Skin corrosion/irritation No data available Serious eye damage/eye irritation No data available Respiratory or skin sensitisation No data available Germ cell mutagenicity No data available Carcinogenicity IARC: No component of this product present at levels greater than or equal to 0.1% is identified as probable, possible or confirmed human carcinogen by IARC.

Reproductive toxicity No data available Specific target organ toxicity- single exposure No data available Specific target organ toxicity - repeated exposure No data available Aspiration hazard No data available

## 12 Ecological Information

**12.1 Toxicity** No data available

### **12.2** Persistence and degradability No data available

- 12.3 Bioaccumulative potential No data available
- 12.4 Mobility in soil No data available

# **12.5 PBT and vPvB assessment** PBT and vPVB assessment not available Chemical safety assessment is not required

**12.6** Other adverse effects No data available

### 13 Disposal Considerations

### 13.1 Waste treatments methods

### Product

Offer surplus and non-recyclable solutions to a licenced disposal company. Dispose off waste in accordance with all applicable Federal, state and local laws.

# 13.2 Contaminated packaging

Dispose in accordance with all applicable federal, state, and local environmental regulations.

### 14 Transport Information

### 14.1 UN-No

ADNR : ADR : IATA\_C : IATA\_P : IMDG : RID :

# 14.2 UN proper shipping name

- ADNR : Not dangerous goods
- ADR : Not dangerous goods
- IATA\_C : Not dangerous goods
